LIST OF PUMPING CONTRACTORS

The following pumping contractors are licensed with the Stinson Beach County Water District and are familiar with the Rules and Regulations of the District. The District cannot provide recommendations and suggests that District customers check references prior to entering into a contract. The purpose of this list is to assist the property owner in finding a pumping contractor. Contractors are listed alphabetically.

Each contractor has supplied the District with proof of the following:

- Appropriate license for performing work on onsite wastewater disposal systems
- Marin County business license
- Proof of insurance or contractor's bond
- Proof of worker's compensation insurance (if applicable)
